

CORE Cable Management

Target Manufacturer — Not Yet Contracted

Cable tray, basket tray, ladder systems and supports for both data center and heavy industrial applications.

■■ Niedax Group

Linz am Rhein, Germany

Founded in 1920 by Alexander Niedergesäß and Fritz Axthelm, Niedax is a fourth-generation family business and one of the world's largest cable management suppliers, with roughly 2,000–2,500 employees across some 18–23 factories in over a dozen countries, under brands including Niedax, Kleinhuis, Fintech and RICO. In 2024 it formed a 50/50 North American joint venture with ABB.

FOUNDED 1920	EMPLOYEES ~2,000–2,500 (Group)
PRODUCTION SITES 18–23 factories, 11+ countries	OWNERSHIP Family-owned, 4th gen.

[Cable Tray] [Mesh & Basket Tray] [Ladder Systems] [Supports] [50,000+ SKUs]

WHY WE CHOSE THIS PARTNER

Scale, catalog breadth (50,000+ SKUs) and a proven North American JV model with ABB make Niedax the natural anchor supplier for CORE's cable management line across both data center and industrial projects.

■■ Pemsa

Alcalá de Henares, Madrid, Spain

Founded in 1969, Pemsa Cable Management was the first Spanish manufacturer to bring the wire-mesh "Rejiband" cable tray to market — a brand that became a generic term in the industry. The company holds ISO 9001, the AENOR "N" quality mark, UL listings and E90 fire-resistance certification, and exports to 50+ countries.

FOUNDED 1969	EMPLOYEES ~90–200
CERTIFICATIONS ISO 9001, AENOR N, UL, E90 Fire	FLAGSHIP PRODUCT Rejiband wire mesh tray

[Wire Mesh Tray] [Rigid & Flexible Conduit] [Fire-rated Systems]

WHY WE CHOSE THIS PARTNER

A recognized, certified fire-rated wire-mesh brand gives CORE a lighter-weight, faster-install alternative to Niedax's heavier tray and ladder systems for projects prioritizing speed and fire compliance.
